#### Miss Katherine Doyer.

When you are sick in some part of your body it is Because some organ is not doing its work properly.

Every organ of the body is absolutely controlled by

Weak, "run down" nerves tell of their condition by stopping the proper action of some one organ, or of

several organs, of the body. Medical science has for the past seventeen years agreed with the teachings of Prof. Edward E. Phelps of Dart-

mouth University. Prof. Phelps was the first physician to openly declare twenty years ago that the health of the human body

depends entirely upon the health of the nerves.

Prof. Phelps formulated the prescription of Paine's Celery Compound. The first druggist that this prescription was taken to was a man by the name of Paine. One of the principal ingredients of the prescription is the seed of the celery plant.

After two years' trial of the prescription by Prof.
Phelps and a number of the leading Massachusetts

physicians it was decided to place this prescription before the public.

The formula was sent to every registered physician in the United States. The prescription was named Paine's Celery Compound, and one of the largest and oldest manufacturing chemists in the country, Wells, Richardson & Co., of Burlington, Vt., undertook its pro-

Paine's Celery Compound has stood the test of seven-teen years' constant use. It has been for the past seven-teen years, and is to-day, the most universally used tonic prescription in the world.

A photograph of Miss Katherine Doyer, of Brooklyn, appears at the head of this article. Miss Doyer's experience is given in her own words to Illustrate the effective work that Paine's Celery Compound is constantly doing as the curative agent in the nourishing and rebuilding of "rundown"

"Some time ago I gradually began to grow weak and emaclated; my eyes became dull, my sight poor and my head dizzy. I was restless and nervous and troubled with bad dreams; I had shooting pains in my stomach and suffered nausea after eating. I consulted a physician, who said I had catarrh of the stomach. I took his prescription for nearly six months, but got no better. Hearing so much of Paine's Celery Compound, I decided to try it. It was a fortunate thing for me that I did, for inside of two months I was entirely cured and have never had a return of any nervous troubles since."-Miss Katherine Doyer, 422 Gold St., Brooklyn, N. Y., August 15, 1904.

Paine's Celery Compound is a nerve invigorator, a regulator and an ideal blood cleanser. It takes away the "wear" on the nerves and enables them to work without tearing themselves to pieces, and it prevents the unhealthy reaction of tired nerves on the entire

It solves the problem of how to build up the nervous system, as no other remedy has ever done.

It cures the causes of constipation, biliousness, dyspepsia, headaches, sleeplessness and every sign of impure blood. Nervousness-whether in the form of headaches, sleeplessness, indigestion, melancholia, irritability or any one of a host of other troubles-is a disease, and as such can be driven from the system by the use of Paine's Celery Compound.

Remember this,-Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable druggists sell and recommend it
